SPIRIT, MIND & BODY

**** For all yoga and Pilates® classes, please bring a sticky mat and water bottle.**

AERIAL YOGA (APY)

Let your yoga practice take flight. Aerial Yoga is everything you love about yoga with a twist of play, flight, meditation and core stabilization. Our colorful aerial silks will be used in many exciting ways to support and enhance yoga poses that will leave you floating out of class and coming back for more. Classes are strengthening and fun while allowing one to find balance, restoration and increased proprioception. Our Aerial Yoga classes are an exhilarating and accessible experience. Class size is limited to 8 participants.

AWAKENING YOGA (APY, HVY)

Start your day off right with a healthy dose of awareness. Increase strength, flexibility and clarity. For all levels. **

BARRE PILATES (NMY)

Spring Session: April 16-June 10 (8-weeks)

Monday classes prorated for Memorial Day

This is a working document and is subject to change.

Barre Pilates incorporates ballet, Pilates and yoga aspects to help develop and strengthen the core, and helps the body to have better posture and move in a more efficient way. Utilizing a ballet barre, this flows through a series of dynamic and isometric movements that concentrate not only on strength but also flexibility and coordination to create a stronger, leaner you.

CHAIR YOGA (FWY, HVY, NMY) – AOA FRIENDLY

This class is designed specifically with seniors and those who need a little extra support in mind. Participants will move, breathe, and laugh thru basic yoga postures using our chairs for assistance.

FAMILY YOGA (ACY) – Ages 5 and older

Create time for family bonding in the midst of all the busyness of life. Yoga is an activity that each family member can enjoy and it's beneficial for all ages! Practicing yoga as a family has been shown to reduce stress, reduce anxiety, and lead to healthier lives.

GUIDED MEDITATION (APY)

Regular meditation reduces anxiety, increases focus, and balances emotions. It's valuable to have a teacher guide the meditation process. This class requires no previous experience, no special equipment, and no particular dress. Come as you are.

HATHA YOGA (ACY, APY, FWY, HVY, NMY)

Students will learn basic yoga poses while connecting with the breath to increase strength, range of motion and body awareness. Come to this class to relax, have fun, breathe deeply, move mindfully, and leave with a happy heart! For all levels.

MEDITATIVE YOGA (APY, HVY)

Excellent for those who have taken Yoga and would like to deepen their practice. The focus will be on more stretching and meditation within a select set of poses to enhance the natural range of motion in the joints. This practice will condition the tissues to become more elastic, and allow for more complete relaxation throughout the entire body. It is recommended to bring to class either a bath towel, stiff blanket or bolster pillow. **

MINDFUL MOVEMENT YOGA LEVEL 1 (APY)

In this Vinyasa flow class we remove the momentum from the transitions and focus on more breath. Then, the large muscle groups no longer can support the pose by themselves and the supportive muscle groups must pitch in to support the body. The results are more core activation, stronger connection to the body and the ability to engage in much deeper, smoother, longer breath. This process creates a complete change in how we carry ourselves and translates into all our activities outside the Yoga room.

MINDFUL MOVEMENT YOGA LEVEL 2 (APY)

In this Vinyasa flow class, we use the same process as Level I, but we take the poses to a different level and challenge those students who are ready. This may include more difficult poses such as headstands, arm balances and other more challenging poses (all poses are optional as we learn to listen to our bodies).

PILATES (APY, HVY, NMY)

Pilates workouts focus first on developing strength through the core including the back, abdomen and hips. Flow through a series of dynamic movements that concentrate not only on strength but also flexibility and coordination to create a stronger, leaner you. Pilates is a tool to educate the body to have better posture and move in a more efficient way.

PILATES BONUS (NMY)

15 minutes of "extra" tacked on to class. "Extra" could be more planks, push-ups, balance or something new to challenge you!

PILATES YOGA FUSION (ACY, APY, HVY)

Get the core strengthening of Pilates combined with the flexibility and stability gained through yoga. The beginner level will introduce the basic principles of yoga and the Pilates method. The intermediate level will

be a continuation of those skills learned in the beginner level.

POWER VINYASA YOGA (ACY, APY, FWY, HVY, NMY)

Experience shifts energetically, muscularly, mentally and emotionally. A vigorous series of poses which flow from one pose to the next incorporating breath, gaze and abdominal control. Increase your strength, flexibility, stamina and cardiovascular endurance. This type of yoga is suitable for all - from beginner to advanced levels.

RESTORATIVE/YIN YOGA (APY, FWY, NMY)

Relax and renew with a meditative series of restorative postures. This is a gentle, calming style of yoga that uses props to support the body to deepen the benefits of poses. It is a soothing, nurturing practice that promotes a healthier and happier you. Encourages students to explore range of movement and increase body awareness using breathing techniques and meditation for students of all levels.

SLOW FLOW YOGA (ACY, APY, FWY, HVY) – AOA FRIENDLY

This class is formatted for students who like to practice vinyasa (flow) yoga but are not able to transition from standing to floor postures repetitively. Floor work is required. Walls and chairs can be used to assist in standing balancing postures. If you have never practiced yoga before this will offer you the opportunity to learn the postures from an upright standing position. Enjoy a gently-paced flow of yoga poses – pausing to focus on breath and body-mind control. Increase your strength, flexibility and balance. Excellent yoga choice for beginners and seniors!

TAI CHI FOR BEGINNERS (APY, HVY) – AOA FRIENDLY

Tai chi, pronounced "tie chee", is a mind-body practice wherein a person moves his body slowly and gently, while breathing deeply and meditating (tai chi is sometimes called "moving meditation"). Tai chi is a physical approach to health, longevity and optimum

TAI CHI FOR BETTER BALANCE (ACY) – AOA FRIENDLY

A falls prevention program...improve your balance, strength, mobility and confidence by participating in exercises and activities that improve your stability. Tai Chi movements are also practiced to help improve balance and increase confidence in doing everyday activities.

TAI CHI EASY - QIGONG METHODS (ACY, APY, FWY, NMY) – AOA FRIENDLY

Cultivate healthy longevity and inner tranquility through four essential Qi methods: postural alignment and gentle movement, breath practice, self-applied massage, and relaxation and meditation practices.

VINYASA FLOW YOGA (NMY)

Similar to Power Vinyasa as it is a flow of poses that incorporates breath, gaze and abdominal control. Yet more of a moderate level, suitable for all levels of yoga participants.

YOGA BASICS (ACY)

Yoga Basics is a beginner class that provides a slower paced program with more description and commentary accompanying each asana or posture. Breath awareness is also introduced as well as relaxation at the end of class.
